Article V of the By-Laws states that membership in the Professional Landmen's Association of New Orleans shall be divided into the following categories:

(1) Active Members

- (a) Professional landmen, irrespective of title employed on a salary basis by an oil, gas or sulphur company, firm, partnership or individual actually engaged in land work in any parish of the State of Louisiana or the Gulf of Mexico.
- (b) Persons in the oil or gas industry who, irrespective of the basis of compensation or title are directly and regularly employed in or associated with petroleum land work involving any parish of the State of Louisiana or the Gulf of Mexico as an integral part of their position in the industry. Practicing attorneys predominantly involved in oil and gas work are specifically included.
- (c) Persons in the oil or gas industry whose background in experience and employment is petroleum land work, involving any parish in the State of Louisiana or Gulf of Mexico but who, by virtue of promotion or acquisition of ownership have been placed in executive position of their company or firm.

(2) Associate Members

- (a) Persons in the oil or gas industry regardless of title who directly or indirectly supervise petroleum landmen who are active members.
- (b) Persons who are associated with petroleum land work involving any parish in the State of Louisiana or the Gulf of Mexico.

(3) Life Members

- (a) Active Members who either retire under their company's regular retirement program or retire from the petroleum industry and, in either instance, remain permanently unemployed. They shall be eligible for life membership at the beginning of the next calendar year after their retirement. Life membership automatically ceases upon subsequent industry employment on any full-time, part-time or consulting basis. The Board of Directors must then approve reinstatement as an active or associate member as provided for in Article IX of the **By-Laws.**

(4) Honorary Members

- (a) Persons who have rendered an outstanding service or whose contribution to the industry is so noteworthy and of such magnitude as to be deserving of this honor.

(5) Student Members

- (a) Persons enrolled in the Petroleum Land Management program at a college or university. Student membership status is not valid upon graduation. The former student member must re-apply as an active or associate member

Life, honorary and student members shall have all rights and privileges of active members, except those of voting, holding office or chairmanship of any committee. Associate members shall have all rights and privileges of Active Members except those of holding office.
